

February 2018! Time to start planning Vegas Pool parties!

We see pool parties in your 2018 summer plans. Luckily we can help you plan ahead for good fortune! Make plans to splash in the hottest crowds and the dayclub scene this spring as the pools open up for sensational fun. The top pools to consider are Encore Beach Club, Wet Republic, Daylight, and Rehab! For a more boutique ambiance, consider Bare topless pool, Liquid pool lounge, or even Tao Beach! Make no mistake, planning to get in to these venues without a VIP host means your just a number in line. A very long line you can guarantee, along with the frustration of time wasted. We get you past the line and into the pool party to your table with all your reserved energy left for the party!
