

## VIP Services

Red Carpet VIP is the largest table and bottle service client in most Las Vegas nightclubs. Because of this we get special deals that we can pass on to you. Red Carpet VIP exists to make your life easier. With our VIP nightclub entry you will be walked right into the nightclub of your choice. You will walk past people waiting in the club "VIP" line and you will walk past people waiting in the table service line, and of course you will pass the people waiting in the regular line for entry.

Red Carpet VIP has long lasting relationships with the management of most Las Vegas nightclubs, so we're able to get access that's not available to many people. With this when you book a table with bottle service we'll walk you through a map of exactly where you'll be seated. Based on years of experience we know the best spots for whatever you want in each nightclub.

Before your night gets started a host from Red Carpet VIP will contact you to set up a meeting time so that they can walk you right into the nightclub. It's OK if things run late, this is Vegas, Red Carpet VIP has multiple hosts at most nightclubs so if you're running late you won't have any problems getting the night moving. If you have a table with bottle service your host will walk you right to the table and make sure you are set up and show you around before they leave. If you have VIP entry your host will walk you in and let you know where things are so you can have a good time.

Because you pay in advance there are no charges added to your bill at the last minute. What you want is what you pay for and what you receive. There are no extra charges when you get to the club. Everything is worked out in advance so all you need is your ID and you are good to go for the night.

Remember, we get to the nightclub before it even opens, pay for your table and have it all ready and waiting for your arrival. No other company offers that! Here is what we offer at Red Carpet VIP.
